Thrills & Skills

Math

We will work on Math Stations throughout the next weeks. Stations will include fun games and activities that include standards we have learned this year.

Social Studies

SC READY Science test is Monday, May 20. On Tuesday, we will begin our last mini unit in Social Studies. We will focus on how America and South Carolina begin to rebuild a nation after the Civil War. This is called the Reconstruction Period and will end our study of US history up to the late 1800s.
